

SOLICITATION UPDATE

SoCalGas®, in collaboration with the Southern California Edison (SCE), San Diego Gas and Electric (SDG&E®) and Pacific Gas and Electric (PG&E), is pleased to announce the release of the following two Requests for Abstracts (RFA) solicitations:

1. Statewide Point-of-Sale Food Service Program
2. Statewide Midstream Water Heating Program

The objective of these solicitations, in compliance with California Public Utilities Commission (CPUC) Decision 18-01-004, is to invite the energy efficiency industry to collaborate with SoCalGas to offer innovative program designs for the non-residential food service and water heating market segments. Utilization of various delivery channels seeks to increase the sales of high efficiency commercial food service and water heating equipment by engaging midstream market actors to stock and actively market high efficiency equipment. For more details on the two statewide SoCalGas led RFAs, please visit www.poweradvocate.com and follow the instructions below.

SoCalGas will manage this event through PowerAdvocate's sourcing platform. Interested bidders must register in PowerAdvocate to access all future communications and, upon its release, the RFA for Services of a Non-residential Food Service and Midstream Water Heating Segment Provider.

All Bidders are **required** to register in PowerAdvocate to access the RFA documents, submit questions, and submit a Non-Residential Food Service Segment abstract. Bidders can register in PowerAdvocate at www.poweradvocate.com

Apply to the event through the "Opportunities" portal, search for the SoCalGas event and click the key to request access to the event.
